# SPROUT GREENPAK BIODEGRADABLE PAPER REELS

## **NO PLASTIC**

Sprout Greenpak paper reels are made from cellulose pulp made from plants and a layer of Biodegradable water base coating.

## **100 % HOME COMPOSTABLE**

Our paper reels are home compostable—they decompose without leaving a trace.

## **YOU PROTECT THE NATURE**

By purchasing our products you are supporting protection of our environment and contributing your part for a better tomorrow. A small part from your move for a greater cause.

## **CERTIFICATIONS**

All available products are biodegradable:

- Approved by the Government of Kerala
- Approved for food contact by CFTRI– Mysore & TUV NORD
- Biodegradability certified by NIIST– Trivandrum
- Approved by USA FDA
- Approved plastic free by CIPET– Kochi

### **BIO-BASED**

All available products are 100% biodegradable and bio-based, manufactured in compliance with circular economy regulations and sustainable development policy of the Sprout Group. All our products have water base emulsion coating with unique hologram.

### **BIO-WASTE**

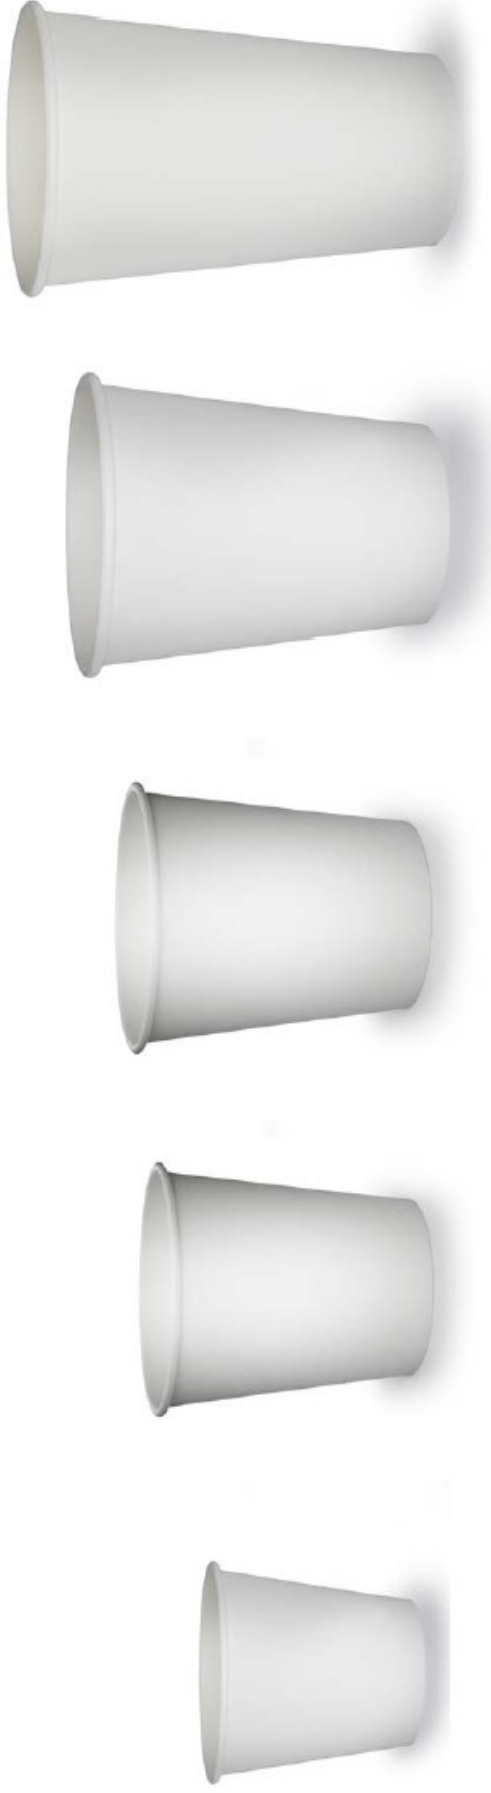

All available products meet the conditions of selective waste collection for BIO waste containers.

## OUR SERVICES

- Electrical Engineering
- Construction & Contracting
- Consultation & Services

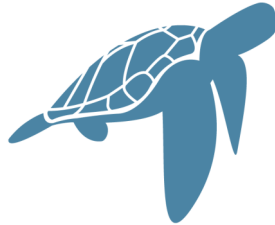

# WE BELIEVE SUSTAINABILITY IS A SHARED RESPONSIBILITY

## DID YOU KNOW?

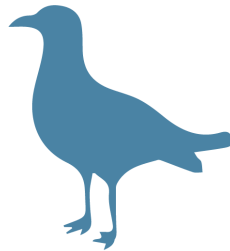

Plastic coated paper cups are made of polyethylene, a petroleum by-product & the same stuff that fuels our vehicles.

All plastics, including bio-plastics, plant-plastics, and PLA plastics are harmful to the marine environment.

Each day we use 500,000,000 plastic coated paper cups; enough to fill 46,400 large school busses per year.

Plastic coated paper cups are among the top 10 debris items. 44% of all seabirds & mammals have ingested plastic.

90% of all trash floating in the world's oceans is comprised of plastic.

## ABOUT US

Sprout Group is a privately owned, internationally focused multifaceted enterprise with world-class capabilities spanning the entire client value chain. We operate an integrated business model comprising the full range of engineering, construction, manufacturing of biodegradable disposables and exports of fair & organic products for some of the world's most prestigious public and private organisations.

**“As a multifaceted enterprise, Sprout Group is committed to playing a vital role in building a stronger and more sustainable economy that benefits society in general.”**

Sprout Group is committed to the development of a culture based on Excellence Plus performance. The Group sets stretching targets in all its operations globally and by applying the five elements of Excellence Plus performance – Client Focus, Innovation, Responsible Behaviour, Sustainable Development and Environmental Protection– it will achieve its vision to be the company of first choice for all stakeholders, able to challenge and change the poor practices synonymous with industry, and compete alongside world - leading businesses.

Sandeep Philip  
Managing Director
